MTG Dolphin successfully delivered hopper dredger "ITALENI" to her Owners

On 18th June 2014 at MTG Dolphin Shipyard took place the Name giving ceremony of "ITALENI". The vessel is self-propelled 750 cubic meters Grab Hopper Dredger, built by order of IHC Global Production for Transnet National Ports Authority of South Africa.

Ship's Main Particulars:
Length (OA): 62 m.
Length (BP): 59 m.
Width: 15 m.
Depth: 4.5 m.
Hopper volume: 750 mBi.

The vessel, as Mrs. Ncumisa Nkanunu, the godmother, explained at the ceremony, was named after a famous battle between the Voortrekkers and the Zulus during the period of the Great Trek which took place in Italeni.
