

25<sup>th</sup> May 2016, MTG Dolphin PLC

## Cutting of the first steel plate of the new Hydrographic vessel for the Executive Agency for exploration and maintenance of the Danube river

Cutting of the first steel plate for the new project - Catamaran for hydrographic surveys took place at MTG Dolphin on 19<sup>th</sup> of May 2016.

The hydrographic surveying vessel will work in the Bulgarian - Romanian part of the Danube river. The Shipowner is the Executive Agency for exploration and maintenance of the Danube river and the vessel will be built under "Operational programme on Transport and Transport Infrastructure 2014-2020".

Catamaran's characteristics:

Length: 19,9 m.

Breadth: 7,4 m.

Draft: 1,2 m.

Speed: 26 km/h.

The ship must be delivered to the Client in February 2017.
